Hello Susan & Mary,

I wanted to touch base with you both since you were unable to attend last week. Courtney Black resigned on the evening of March 3rd and didn't return to work the following day. I don't have any additional information; I have not spoken with her.

I also spoke with Council regarding the structure of staffing. In the absence of Mark, it is very clear that we are in need of a strong public works director. One that does not have the burden of also being the City Engineer. This is why you see on Monday's agenda the defunding of the City Admin position and that funding going towards a Public Works Director. I'm happy to chat about it further if you would like.

See you Monday.

Shanna Styron Sherrell | *Mayor*
